CEILING
TYPE

REFRIGERANT **R407C**

Wall-Fixed/Handy Type

For ABY30E

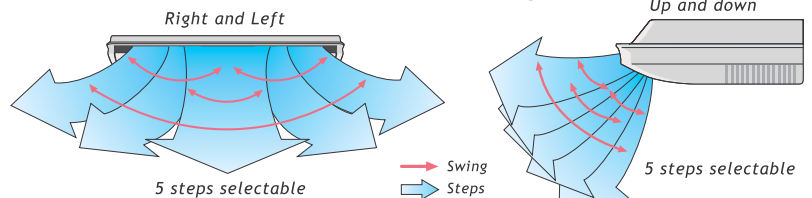

For ABY36E3/36T3/
45E3/45T3/54E3

Wide air flow proportion

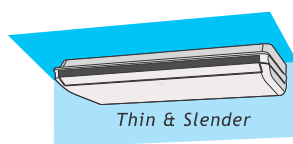

Double Auto Swing

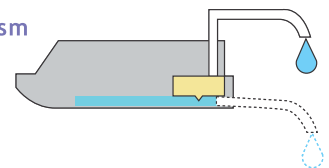

Thin & slender form

A thin & slender shape with curves helps to create a perfect harmony with room interior.

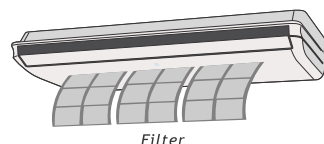

Drain water lift-up mechanism

Optional drain water lift-up mechanism offers more flexible installation.

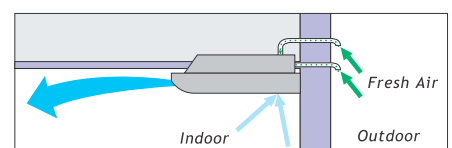

Long-life filter

Since the filter can be simply detached, it can be cleaned easily.

Fresh-air intake

► EXPLANATION OF FEATURES

Super Quiet

Quiet operation is assured even while the fan is working on high mode.

Super Power

The efficiency-improved compressor and heat exchanger quickly changes your room into a comfortable environment.

Moisture Removal

The computer effectively dehumidifies the air.

Up/Down Swing Flaps

The up/down flaps automatically swing to up and down.

Double Swing

Complex swing action of flaps enables automatically to swing both horizontal and vertical directions.

Automatic Flaps

The position of the flaps is set automatically to match the operating mode. It is also possible to adjust the flaps using the remote control.

Auto Shut Flaps

The auto shut flaps close or open automatically when the unit stops or starts.

Automatic Air Flow Adjustment

The micro-computer automatically adjusts the air flow effectively to follow the changes of room temperature.

Auto Restart

In the event of a temporary power failure, the air conditioner will automatically restart in the same operating mode as before, once the power supply is restored.

Sleep Timer

The micro-computer gradually changes the room temperature automatically to afford a comfortable night's sleep.

Program Timer

This digital timer allows selection of one of four options: ON, OFF, ON → OFF or OFF → ON.

Auto-Changeover

The unit automatically switches between heating and cooling modes based on your temperature setting and the room temperature.

Weekly Timer

Different on-off times can be set for each day.
